

I would like to STRENUOUSLY object to any change to the Indiana law regarding telephone privacy! This has been one of the best things to happen in our house in some time. It was very common to receive 15-20 calls per WEEK if not more from unwanted telemarketers. Our calls have been virtually eliminated, we rarely receive more than 1-2 per MONTH since the law took effect. I would be very interested to hear the reason for the change, other than the wealthy lobby has put pressure to bear. Thank you for your consideration in this matter.
